

FY 2010 CMLG Project List																					
Admin Org (RRFF)	State 2 Ltr Code	Route ID	Road or Trail? (R/T)	Project Name	CMLG \$ (Thousands)	Other \$ & Fund Type/Name (Thousands)	No. of stream crossings constr/reconstr to meet stream simulation	miles of stream habitat restored or enhanced	Miles of PC road improved	Miles of HC road improved	miles of PC road receiving maintenance	miles of HC road receiving maintenance	miles of system road decommissioned	miles of unauthorized roads decommissioned	No. of bridges constructed/reconstructed	Miles of trail maintained to std	Miles of trail improved to std	Acres of watershed improved	Funds obligated in FY10? (Y/N)	Project Description	
				R4 CMLG Totals	\$9,992		92	123	39	14	40	98	68	319	25	14	52	3,637			
0401	UT			CMLG Program Development	\$50														Y	Funds for planning and design of project	
0401	UT	10018, 10110	R	NF Ashley and Reader Creek Aquatic Organism Passage	\$230		2	4	0.2										Y	Replace the deteriorating NF Ashley Bridge. Replace two culverts at Reader Creek with a bridge to allow aquatic organism passage.	
0401	UT	10018, 10043	R	Red Cloud Loop Road and Leidy Peak Road Surfacing	\$200			4	10	30									Y	Place 6" thickness of surfacing Red Cloud Loop Road where currently native surface. Spot patch and add replacement gravel where needed along the Red Cloud Loop Road. Use the mobile rock crusher to surface 7.5 miles of the Leidy Peak Road.	
0402	ID			CMLG Program Development	\$50														Y	Funds for planning and design of project	
0402	ID	409	R	Curtis Creek Watershed AOPs	\$350	\$325	5	12	0.5										Y	Replace 5 culverts with AOP structures on NFSR 409. Curtis Creek Watershed contains 303(d) listed streams and bull trout. Partially funded with WFW3 rehabilitation funds, US Fish & Wildlife funds, and Nez Perce Tribe funds.	
0402	ID	428	R	Upper SF Salmon River Watershed Road Improvements - Phase I	\$70				0.6										Y	Harden roads adjacent and within SF Salmon River CG.	
0403				CMLG Program Development	\$50														Y	Funds for planning and design of project	
0403	WY	30450	Road	Cache Creek	\$30	N/A	0	1		1		1							Y	gravel road and streamside impvmt	
0403	WY	10138	Road	Clear Creek Culvert	\$95	N/A	1	3	0.1									1	Y	culvert replacement with passage	
0403	WY	10138	Road	South Labarge Culvert	\$105	N/A	1	6	0.1						1				1	Y	culvert to bridge
0403	WY	30400	Road	Gunsight Pass Bridge	\$550	N/A	1	0	0.4						1				1	Y	replace bridge
0415				CMLG Program Development	\$50														Y	Funds for planning and design of project	
0415	ID	10026	R	Cottonwood Creek Bridge Replacement - Planning	\$95		2	3	0.2						2				2	Y	reconstruct two stream crossings (replace 1 bridge).
0415	ID		R	Duck Creek evaluation & Reconnection	\$300			6							2				3	Y	2 AOP culvert replacements - 6 miles.
0415	ID	40218	R	Ruby Creek Bridge	\$130		1	2	0.1						1				1	Y	Replace Bridge
0415	ID	30413	R	Fish Haven Creek AOP	\$243		1	7											1	Y	Replace Bridge
0415	ID	70375	R	Long Gulch, Pebble, Toponce, Two mile	\$205		3	7	5.2										16	Y	Reconstruct road
0415	ID	30102	R	Georgetown Road Relocation Ph1	\$200		3	5	1				1						10	Y	Reconstruct road
0407	UT			CMLG Program Development	\$50														Y	Funds for planning and design of project	
0407	UT		R	Construction Administration - Boulder, Veyo-Shoal, Delong & Pine Creek	\$93	0													Y	Provide contract administration for Veyo-Shoal Creek Road, Boulder Creek Road, Delong Creek AOP, and Pine Creek AOP	
0407	UT		R	Ranch Creek Aquatic Organism Passag	\$80	10k NFWW, 10k NFWF	1	2.1		0.1									2	Y	Replace existing culvert with a new structure and create stream simulation
0407	UT		R	Mount Dutton Road Decomissioning	\$250	5k each, NFWW, NFRW, CMRD, NFWF, NFTM, WFHF							10.63	50.7					350	Y	Implement motorized travel plan for the Mt Dutton area.

FY 2010 CMLG Project List																				
Admin Org (RRFF)	State 2 Ltr Code	Route ID	Road or Trail? (R/T)	Project Name	CMLG \$ (Thousands)	Other \$ & Fund Type/Name (Thousands)	No. of stream crossings constr/reconstr to meet stream simulation	miles of stream habitat restored or enhanced	Miles of PC road improved	Miles of HC road improved	miles of PC road receiving maintenance	miles of HC road receiving maintenance	miles of system road decommissioned	miles of unauthorized roads decommissioned	No. of bridges constructed/reconstructed	Miles of trail maintained to std	Miles of trail improved to std	Acres of watershed improved	Funds obligated in FY10? (Y/N)	Project Description
0407	UT		T	Phase 2: Duck Creek OHV Trail Bridge	\$210			0.4									0.5	2	Y	Replace existing trail bridge and relocate trail segment
0407	UT		R	Jensen Sawmill AOP Culvert	\$105		1	1	0.2									2	Y	Reconstruct and harden braided trail and construct a single stream crossing.
0407	UT		R	Haycock/Duck Creek/Swains Creek Road Decommissioning	\$165	5k each, NFWW, NFRW, CMRD, NFWF, NFTM, WFHF							15	68				450	Y	Implement motorized travel plan for the Haycock/Duck Creek/Swains Creek area.
0407	UT		R	Pretty Tree Bench Road Decommissioning	\$160	15k each, NFWW, NFRW, CMRD, 5k each NFWF, NFTM, WFHF		6.74					13.43	13.54				250	Y	Implement motorized travel plan for the Pretty Tree Bench area.
0408	UT			CMLG Program Development	\$50														Y	Funds for planning and design of project
0408	UT		R	Travel Plan Implementation	\$250								25	48					Y	Implement motorized travel plan
0408	UT		R	303d Decommissioning	\$50								2	12					Y	Decommission roads within 303d watersheds
0408	UT		R	Roto-milling	\$100				6										Y	Improve road, rotomill, & reshape
0417	NV			CMLG Program Development	\$50														Y	Funds for planning and design of project
0417	NV		R	Meadow Creek Bridge Replacements	\$400	0	3	0	0	0	0.5	0	0	0	3	0	0	6	Y	Replace 3 deficient bridges located in lower part of the Meadow Creek watershed. Two structures will be replaced completely; the 3rd will replace the deck superstructure only.
0417	NV		T	Secret Lamoille Trail reconstruction	\$60.5	0	1	0	0	0	0	0	0	0	0	0	10.43	0	Y	A combination of new trail construction and reconstruct existing trail from Lamoille Canyon to Talbot Creek. Non-motorized trail construction suitable for horses, mountain bikes and hikers.
0410	UT			CMLG Program Development	\$50														Y	Funds for planning and design of project
0410	UT	Trail # 130, Road #'s 50036, 50104	R, T	Fish Creek Trail Bridge, Indian Creek Crossing Replacement, Spring City	\$50		1	5.5	1	1									Y	Funds to complete 2009 road improvement, stream crossing and trail improvement projects.
0410	UT	Numerous	R	Road Decommissioning (60 miles)	\$141			15						60			1200	Y	The Forest is now prioritizing which unclassified roads will be decommissioned on this project based on resource impacts	
0410	UT	50036	R	Spring City Canyon Road Reconstruction Phase 2	\$105				0.5	3									Y	
0410	UT	Trail # 136	T	Dry Wash Trail Stabilization	\$8											0.5	0.5		Y	Trail will be reconstructed along 2-3 segments totaling 0.5 miles and maintenance between these segments.
0410	UT	50079	R	Indian Creek Road Improvements	\$60	\$60 from Forest Road Agreement with San Juan County		5		2								400	Y	This project is in partnership with San Juan Co., UT. Forest Service will provide culvert materials, for the county to install to improve drainage structures along 15 miles of road.

FY 2010 CMLG Project List																				
Admin Org (RRFF)	State 2 Ltr Code	Route ID	Road or Trail? (R/T)	Project Name	CMLG \$ (Thousands)	Other \$ & Fund Type/Name (Thousands)	No. of stream xings constr/reconstr to meet stream simulation	miles of stream habitat restored or enhanced	Miles of PC road improved	Miles of HC road improved	miles of PC road receiving maintenance	miles of HC road receiving maintenance	miles of system road decommissioned	miles of unauthorized roads decommissioned	No. of bridges constructed/reconstructed	Miles of trail maintained to std	Miles of trail improved to std	Acres of watershed improved	Funds obligated in FY10? (Y/N)	Project Description
0410	UT	50014	R	Millers Flat Road Improvements - Phase I	\$250	Emery County will share costs associated with crushing for the use of Government resource. Est.-\$50-\$100			10									360	Y	This proejct is Phase 1 for improvements to 10 miles of Miller Flat Road. This phase is for crushing of aggregate for Phase II which will be the haul, processing and associated tasks of aggregate placement.
0412	ID			CMLG Program Development	\$50														Y	Funds for planning and design of project
0412	ID	#50074	R	Ant Basin Creek Open Bottom Arch & Twin Fork AOP -	\$205	\$2,500 NFWF	2	4	0	0	0.2	0	0	0	0	0	0	0	Y	Replacement of the culverts with open bottom arch stream simulation design to improve fisheries habitat.
0412	ID	Multiple	R	Little Weiser River Restoration	\$250	0	45	10	0	0	0	42	0.4	11.1	0	0	0	231.5	Y	Decommission 11.5 miles of Forest Roads and put into long-term storage 42 miles of road closures.
0412	ID	Trails # 515, #129, & #504	T	Deferred Mtce and Erosion Control ph1	\$75	\$25,000 YCC and SCA	0	0	0	0	0	0	0	0	0	0	25	0	Y	Complete deferred trail maintenance, erosion control and improve anadromous fish habitat.
0413	ID			CMLG Program Development	\$50														Y	Funds for planning and design of project
0413	ID	67106	Trail	Anderson Mtn., Continental Divide & Bradley Gulch Trail	\$350	n/a											12		Y	Project improves a portion of the Continental Divide Trail. Work will be obligated quickly through an agreement with the Continental Divide Trail Alliance
0413	ID	60030	Road	Deadwater Road Stabilization	\$700	n/a		0.5	0.5										Y	Streambank stabilization on Salmon River Road
0413	Multi	Multi	R	Mobile Rock Crusher	\$400							50							Y	Improve surface of multiple roads. Region-wide program.
0414	ID			CMLG Program Development	\$50														Y	Funds for planning and design of project
0414	ID	70227	R	Ketchum-Featherville Road, Phase II	\$250	\$150 IDPR grant request; \$30 RAC			8		9							20	Y	Reconstruct and surface approximately 8 miles of the Ketchum-Featherville Road
0414	ID	70538 Unauth	R	Decommission mutiple roads forest wide.	\$125	\$7 NFWW \$50 ARRA							0.5	55.8				180.4	Y	Decommission unauthorized roads and trails. Includes road obliteration and site rehabilitation.
0414	ID	trails #7156, #7326, #7311, #7210, #7024, SNO-7004-5002, and road #7141	T	Sawtooth Trail Bridges	\$300	\$20,000 applied for through grant "More Kids in the Woods". \$5 CMTL	15	1							15			132	Y	Replace multiple existing trail bridges, and construct 4 new bridges.
0414	ID	7053, 7815, new	T	Sawtooth Trails	\$110	\$1 NFRW/CMTL										3	3	2	Y	Reroute and reconstruct trails, will include maintainable drainage structures.
